

Employers want their employees to stay healthy because it may result in improved performance, lower absenteeism and lower health care costs.

One Pass™ offers employers an opportunity to encourage better health by helping employees achieve their fitness goals, allowing them to buy a membership to a network of gyms and studios.

\$117<sub>B</sub>

is spent annually on health care costs associated with inadequate physical activity<sup>1</sup>

United Healthcare

## **Encourage a healthier lifestyle**

Employees can choose from 4 tiers based on preferred price and gym/studio preference.

- Designed to help employees lead more active lives that fit within their schedule and budget
- Gives employers the opportunity to potentially improve health outcomes, reduce absenteeism and increase productivity

## Flexible and accessible

Employees can go to the fitness location most convenient to them or go to a different gym every day:

- Options include more than 11,000 large national gyms, independent fitness centers and boutique studios
- Tiers range from \$25 to \$139 per month
- Employees have unlimited access to any network fitness location each month
- Employees can change tiers monthly, if desired

## Supporting physical fitness may contribute to:

- Improved health outcomes<sup>2</sup>
- Increased productivity and reduced absenteeism<sup>3</sup>
- Increased satisfaction and emotional well-being<sup>4</sup>
